MEDICAL and SANITARY DEPARTMENT: The state provides free medical aid to the public through a dispensary. The Chief Medical Officer, Dr. D.M. Shinde, L.C.P.S. (pay Rs.225/-), is also the health officer of the State. He is assisted a Resident Medical Officer Capt. M.N. Sarma, L.C.P.S., and also a Lady Medical Officer by name Susila Bai. The hospital is a four bed hospital and is known as Shri Raja Murar Rao hospital. It is well equipped and is located in a Government building. There is also a Rural Medical Assistant, who is also qualified compounder, a vaccinator and a homeopathic physician. He visits rural areas and renders medical aid.

The hospital staff consists of one compounder, two dressers 4 orderlies in addition to the officers mentioned above. The present staff may appear to a little excessive by Bellary standards, but the people have become accustomed to such medical facilities and in my opinion, it would be a tactical error to reduce them at least for some time to come.

An extract has already been received from P&E (Pol) and action taken. This may be added to the main file —

Education.

There is a High School in the state founded by the Ruler. Its curriculum is parallel to the High School courses in the Benares Hindu University in due course. The High School section is situated in two quadrangular unfinished buildings constructed out of public donations raised by the school building Committee, Sandur. It is situated in a high ground commanding at undulating foreground about 25 acres in area suitable for the pupils as a recreation ground. There is also a Cricket field of about 6 acres attached to a 'Vihar' Club. It is used as a foot-ball ground by the High School.

With the influence of the Government of India the State was hitherto able to secure reservation of one or two seats in each of the technical Colleges. The Government were requested to secure such reservations for the ensuing Collegiate year also.

There is also a Primary section attached to the High School. It is located in a Choultry a charitable endowment. The strength of the High School and Primary section is respectively 126 and 286 The teaching staff is as follows:-

Trained graduates.	. . .	3
Untrained graduates.	- - -	1
Subordinate teachers (High School)	- - -	5

PRIMARY SECTION.

Teachers.	- - -	9

Out of whom only 2 are trained. All of them are ill-paid their salaries ranging from Rs.14/- to 25/-. There is no separate school for girls and education is not compulsory.

The most important fact about the education in Sandur is that no tuition fees are charged either in the High School or in the Primary section for puipils of the State. Children coming from outside district are however charged according to Scheduled rates. The school is run entirely out of the State Funds. With the amalgamation with the Education department into that of Bellary District it may be necessary to introduce the system of fees obtaining under the Government of Madras for the High School section. This may however be most unpalatable to the public

Village Schools.

There are eight Government Elementary Schools with 317 pupils and 2 aided schools with a strength of 61. In all there are 14 teachers. Their emoluments are very meagre and the grants poor.

The vidhyadhikari (The General Secretary to Government) inspects these schools every year and a report on them was being sent to the Minister-in-charge of education. Last year this work was not attended to. It is difficult to suggest that these schools may be handed over to the District Boards for the reason that the District Board will review the problem from Profit and Loss motive and the children will be deprived of free education which will not be compensated by a sufficiently improved standard to make the loss palatable. I therefore recommend that the schools should be run departmentally and compulsory Education enforced.

The state is spending annually the unremunerative budgeted sum of Rs.30,000/- on Education. I recommend that the existing staff of teachers may therefore be retained for some time until Educational authorities are able to re-organise the structure of the Education machinery in the State. The Government may instruct the Educational departments to take up the survey of the Educational system at an early date.

Sub:-Sandur State - Medical Department - taking over -

Ref:-Correspondence resting with Government endorsement No.39951-E.1.49-3 P.H.,dated 5th September 1949.

I forward herewith a statement showing the staff now employed in the existing medical institution in Sandur State and the staff proposed to be employed by the District Medical Officer, Bellary. A statement showing the extra expenditure involved in taking over the State medical institution is also attached. It will be observed from the report No. 3677/49 dated 28th June 1949 from the District Medical Officer, Bellary, a copy of which has been forwarded to Government with this office letter No. 47839-4-E.1, dated 2-8-1949, that there is only one medical institution in the Sandur State by name Sri Murar Rao Arogyamandir and ~~there is~~ one L.I.M.dispensary at Yashwantanagar which remains closed for want of a L.I.M.Doctor.

The District Medical Officer, Bellary has suggested the following changes in the staff:-

Name of the existing staff.	Changes proposed by the District Medical Officer.
Rural Medical Attendant and Vaccinator.	A separate Rural Medical Practitioner may be appointed to go with the Mobile Van and the post of the Vaccinator may be transferred to the Public Health Department.
Clerk and Dresser.	The designation may be changed into "Clerk" only.
Assistant Nurse	The designation may be termed as Female Nursing Orderly.

The District Medical Officer has also proposed the employment of three more toties (two males and one female) in the State hospital. He has also suggested that the designation of the Chief Medical Officer and Health Officer may be changed into civil assistant surgeon, class II (senior) and the bed-strength of the hospital may be fixed as eight. I recommend that the proposals made by the District Medical Officer may be approved with the modification that one male toti instead of 2 male toties may be sanctioned.

With reference to Government endorsement No. 39951 E.1-49-3 P.H., dated 5-9-1949 forwarding a copy of letter R.No. 41876-4 Epi. 49 dated 23-8-49 from the Director of Public Health, Madras, I have to state that I have no objection to the recommendation that the Public Health administration of the Sandur State may be placed under the District Health Officer, Bellary as part of Bellary District, being accepted and the present arrangement by which theChief Medical Officer holding the duties of the Health Officer being discontinued.

The pay of the civil assistant surgeon, class II (Dr.D.M.Shindhe) is proposed to be fixed at Rs. 190/- per mensem by the District Medical Officer, Bellary. He is at present drawing only Rs. 165/- per mensem in the Sandur State and his pay can be fixed only at Rs. 170/- per mensem in the scale of Rs. 100-5-160-10-230 after he is absorbed in Government service.

Dr.D.Sushilabai, the present woman medical officer is only an Ayurveda Siromani and she does not possess any medical qualification registrable under the Madras Medical Registration Act, 1914. She cannot therefore be absorbed in the Medical Department.

Proposals for the absorption of staff of the State dispensary in Government service will be submitted to Government after the Government have passed orders regarding the strength of the staff of the medical institution.

Yours faithfully,

for Surgeon-General with the Govt. of Madras.

Ref.No.47839-7-E.1, dated 26th October 1949.

Sir,

Sub:-Sandur State - Medical Department - taking over - [illegible]

Ref:-This office letter No.47839-6-E.1, dated 11-10-49.

I forward herewith a copy of the representation dated 29-9-49 from Dr.D.Sushila Bai, Lady Medical Officer, Sandur State wherein she has made a request that her qualification may be recognised and her name registered under the Central Board of Indian Medicine, Madras, to enable her to be absorbed in Government service. I recommend that she may be granted the necessary exemption from the possession of a registrable qualification and absorbed in Government service.

Yours faithfully,

28-X-49

for Surgeon-General with the Govt.of Madras.

Copy of the application of Dr. Sushila, Lady Medical Officer, Sandur Hospital, dated 29-9-49 to the District Medical Officer, Bellary.

In accordance with the instructions contained in your letter No. 3677/49 dated 27-7-49 I applied to the Principal, Central Board of Indian Medicine for Registration under the Board of Indian Systems of Medicine, Madras. But the Principal has rejected my application on the grounds that I have not got a registerable qualification. This, Sir, I regret to say has affected me very adversely.

p.t.o.

2. I have been in previous places like Kopbal, etc., practising privately and was able to make my both ends meet without any difficulty, with the same knowledge, experience and qualification. I accepted the under the State Government of Sandur two years ago and have served to the complete satisfaction of my superiors. Now that the circumstances have changed - my services are to be terminated because of my not possessing a registerable qualification is, I feel grossly unjust to me.

3. I am in possession of the Diploma of Ayurvedic Siromani issued by the Prema Vidya Peetha (Pandit Taranath's Ashram) - Tungabhadra which institution has been shifted to Sanganakal - Bellary. The same institution is being patronised by Government and of late a donation was also granted to the said institution. It looks very surprising that the institution should be recognised by the Government and the qualification issued by the School should not be recognised for registration.

4. Lastly Sir, I beg to state that I had to leave my home (in Hyderabad State) due to disturbed conditions there and shift for myself elsewhere and I am glad to submit that with the same qualification as I possess have been able to secure a job here and have been able to do my little bit to the service of the people of the State.

Considering all the above points submitted above, I beg to be favourably considered for further continuation in service and that my case may be stated to higher authorities to recognise my qualification to issue the necessary registration certificate.

States - Sandur - Merger - Taking over the administration of Departments.

...

3980/

Under instructions from the Government of India this Government took over the administration of Sandur State in July 1948. From then the administration of the State is being carried on by this Government in the name and on behalf of the Ruler. All matters relating to the administration of the State were being attended to in this department.

2. Now the Ruler of Sandur has signed the merger agreement agreeing to the merger of the State with the Indian Union with effect from 1-4-49. The Government of India have also issued a notification delegating to this Government under the Extra Provincial Jurisdiction Act, necessary powers for the governance of the merged area. The Government of India notification will be published in an extraordinary issue of the Fort St.George Gazette.

3. It has already been decided that in respect of the merged States the Departments of the Secretariat should attend to the matters (including the extension of laws) with which they are concerned - Vide Public (Political) U.O.Note No.2971/48-2 dated 5-8-48. The Departments of the Secretariat may therefore be requested to take necessary action for the taking over the administration of the Departments in the Sandur State with which they are concerned by the concerned Heads of Departments of this Government.

4. As regards the extension of the laws in force in this Province to Sandur this Department have suggested in a note to be sent to Home Department that the laws in force in this Province need not be extended immediately and that pending the extension of the laws in force in this Province, the State laws may be retained and that orders may be issued retaining the existing State laws and judicial institutions. Orders in this regard will be issued in Home Department. It seems that to enable our Heads of Departments to take over the administration of the departments in the State and run them with reference to the State laws a formal authorisation by Government under the Extra Provincial Jurisdiction Act,1947 will be necessary. Legal may be requested to advise.

A.R.N.

In the case of Pudukkottai and Banganapalle each notification was issued separately by the department concerned and the same procedure may be followed in the case of Sandur also. Each Act may

be/...

be examined separately and applied to Sandur in the orders of urgency with such modifications, adaptations or omissions as a necessary. There seems to be no special advantage in issuing a consolidated notification. On the other hand the consolidation work is likely to cause delay and complications. It might be necessary to extend some of the fiscal Acts immediately for administrative or other reasons and it seems unnecessary to delay such Acts for the sake of issuing an omnibus and consolidated notification. Such a notification with various modifications and saving clauses and schedules will also be inconveniently large and cumbersome. The departments may therefore examine each case and issue a consolidated notification in respect of all the Acts with which they are concerned as far as possible. Urgent and isolated cases may be dealt with separately.

xx xx xx

I still think that for the reasons stated at page 5 ante it would be more convenient to leave it to the departments concerned to issue a consolidated notification in respect of all the Acts with which they are concerned. As all notifications will be scrutinised by Legal and as that department have recently circulated to all departments a model notification, uniformity in language may be expected.

The Departments of the Secretariat may be requested to substitute the following extracts for those communicated with the U.O. note of the same number and date as mentioned above:-

Now the Ruler of Sandur has signed the merger agreement agreeing to the merger of the State with the Indian Union with effect from 1-4-49. The Government of India have also issued a notification delegating to this Government under the Extra-Provincial Jurisdiction Act, necessary powers for the governance of the merged area. The Government of India notification has already been published in an extraordinary issue of the Fort St.George Gazette.

It has already been decided that in respect of the merged States the Departments of the Secretariat should attend to the matters (including the extension of laws) with which they are concerned - vide Public (Political) U.O. Note No.2971/48-2 dated 5-8-48. The Departments of the Secretariat may therefore be requested to take the necessary action for the taking over the administration of the Departments in the Sandur State with which they are concerned by the concerned Heads of Departments of this Government.

As regards the extension of the laws in force in this Province to Sandur this Department have suggested that the laws in force in this Province need not be extended immediately and that pending extension of the laws in force in this Province, the State laws may be retained and that orders may be issued retaining the existing State laws and judicial institution. Orders in this regard will be issued in Home Department. It seems that to enable our Heads of Departments to take over the administration of the Departments in the State and run them with reference to the State laws a formal authorisation by the Government under the Extra Provincial Jurisdiction Act,1947 will be necessary. Legal may be requested to advise.

As regards the application of the laws in force in this Province, both Provincial and Central to Sandur the Departments of the Secretariat will have to take necessary action for the extension of Acts with which they are concerned, bearing in mind the general instructions issued by the Government of India in their letter No.F.41(7). IB/48 dated 25-2-48. Recently in connection with the application of these laws to Pudukkottai and Bananapalle Legal Department expressed the desirability of issuing a consolidated notification in the place of the piecemeal notifications issued by the different Departments of the Secretariat. Legal may be requested to consider the expediency of asking the different Departments to send to them in due course proposals for the extension of Acts with which they are concerned so that a consolidated notification may be issued from Legal.

Legal may see for remarks.

B. A above: This Department agrees with the view of the Public (Political) Department expressed here.

B ibid: The notifications in respect of Pudukkottai and Banganapalle extending the Central and Provincial Acts were issued by the administrative Departments concerned and in some cases by the Public (Political) Department. Before extending the Acts to those two States, heads of departments were consulted as regards modifications to be made in those Acts. Similarly, before extending particular Acts to Sandur it may be desirable, and even necessary, to consult heads of departments concerned and make modifications, if any, that may be required in the Act. This Department may, therefore, suggest that the notifications may be prepared by the administrative departments concerned and then sent to Public (Political) for consolidation and issue. Public will no doubt refer any legal point which may arise to this Department for advice, and also send the consolidated notification for scrutiny by this Department.

Public (Political) Deptt.

The proposals in this file relate to (1) the taking over the administration of Departments in Sandur by the Heads of Departments concerned and (ii) the extension of laws in force in this province to Sandur.

.R.N. Proposal(i) above. Extracts of paras 2 to 4 of this department's note above and of Legal's note at B above may be sent to all Departments of the Secretariat (all sections) including Public for necessary action.

Proposal (ii) above. Legal suggest that this department may collect proposals from the different departments of the Secretariat for the extension of laws to Sandur and then take necessary action for issuing a consolidated notification. It is submitted that if this work is to be undertaken in Public Deptt. then an additional upper division clerk will be required to deal with the subject. As previous proposals for sanction of additional staff for Public (Political) had to be dropped due to the objection of Finance department it is for consideration whether this work may be taken up by this department and the sanction of the post of an additional upper division clerk asked for or in the alternative whether the departments of the secretariat may be asked to issue a consolidated notification in respect of all the Acts with which they are concerned.

In the case of Pudukkottai and Banganapalle each notification was issued separately by the deptt. concerned and the same procedure may be followed in the case of Sandur also. Each Act may be examined separately and applied to Sandur in the orders of urgency with such modifications, adaptations or omissions as are necessary. There seems to be no special advantage in issuing a consolidated notification. On the other hand the consolidation work is likely to cause delay and complications. It might be necessary to extend some of the fiscal Acts immediately for administrative or other reasons and it seems unnecessary to delay such Acts for the sake

of issuing an omnibus and consolidated notification. Such a notification with various modifications and saving clauses and schedules will also be inconveniently large and cumbersome. The Departments may therefore examine each case and issue a consolidated notification in respect of all the Acts with which they are concerned as far as possible. Urgent and isolated cases may be dealt with separately. There will be no need for any additional staff of the above suggestion is accepted.

Legal may perhaps see again.

If separate notifications are to be issued, apart from the difficulty pointed out in the note at 'V', there will also be the possibility of some of the Acts being omitted, each department thinking that it is not concerned with them, or of some of the Acts being extended by more than one department, one department not being aware of ~~this~~ extension by the other. It is for these various reasons that this department advised the issue of a single consolidated notification.

Public (Political)Deptt.

It appears from the Legal department note above that they reiterate their original proposal. If that is to be pursued additional staff is absolutely necessary. Public (Political) has already 4 upper division clerks and one Superintendent. If the additional upper division clerk is attached to Public (Political) the section has necessarily to be bifurcated. It is also submitted that the work in this file is not of an ordinary nature and the attention of a full time Superintendent is necessary for the subject. Submitted for orders.

A. I still think that for the reasons stated at page 5 ante it would be more convenient to leave it to the departments concerned to issue a consolidated notification in respect of all the Acts with which they are concerned. As all notifications will be scrutinised by Legal and as that department have recently circulated to all departments a model notification, uniformity in language may be expected. The possibility of some of the Acts being omitted can be avoided by checking the list of Acts extended by the departments. For orders whether in the circumstances the question of issuing a consolidated notification by Public (Political) may be dropped. If, however, it is considered that Public (Political)

With the merger of the Pudukottai and the Banganapalle States with the Madras Province, the medical institutions maintained by the State Administrations were deemed to have become Govt. institutions and the Govt. after approving the expenditure involved in running these institutions issued formal orders taking over these institutions and re-fixing the strength of their staff. The S.G. has now forwarded for the approval of the Govt. proposals for suitably taking over the only medical institution in the merged State of Sandur and for re-fixing the strength of the staff of the institution. The proposals are,

(1) to divert the Chief Medical Officer of his duties as Sanitary Officer and to sanction a post of C.H.S. class II in lieu of the post of Chief Medical Officer;

(2) to transfer the post of Rural Medical Attendant and Vaccinator to the P.H. Dept. as a post of Vaccinator;

(3) to fix the bed strength of the hospital as eight; and

(4) to fix the strength of the staff of the hospital as at p31 cf.

The proposal to divert the Chief Medical Officer of his duties as Sanitary Officer and to transfer the post of Rural Medical Attendant and Vaccinator to the P.H. Dept. has been agreed to by the P.H Administration of the State and it need not be dealt with here. The proposal to sanction a post of C.H.S. class II in lieu of the post of Chief Medical Officer and the other proposals may be agreed to. The expenditure involved in these proposals is Rs. ~~13,207~~ Th. 242 -

and it may be approved under the appropriate financial powers delegated.

2/. The S.G. has invited that there is one L.I.M. Dispensary in the State which remains closed for want of a L.I.M. He has not proposed the revival of this dispensary. Apparently he does not consider it necessary. The matter need not therefore be pursued.

3/. The S.G. has also invited that he will send proposals for the absorption of the staff after the Govt. have passed orders regarding the strength of the staff of the hospital. Hence no action is now called for on the letter at p33 ante.

The file deals with the question of taking over the medical institution in the defunct Sandur State, and the fixation of the bedstrength and the strength of the medical and non-medical staff for the hospital. Nos 1 to 3 on pp 7-9 above may be perused.

2/ The existing bedstrength of the hospital is 4 (2 males and 2 females), and the details of the staff now employed therein are given in column (1) of the statement onp 30 C.F. It is now proposed to fix the bedstrength of the hospital at 8. It is also proposed to fix the strength of the staff in the hospital as follows:—

One Civil Asst Surgeon (men) class II
One woman Asst Surgeon class II
One Compounder
One L.D. clerk
One Midwife
Two Nursing Orderlies (1 male + 1 Female)
Two Dhobies (1 Male and 1 Female).

In view of the statistics of the number of patients (In and Out) treated in the hospital for the last three years, and the fact that there is no other medical institution functioning in Sandur, finance may agree to the above proposals regarding the fixation of bedstrength and staff.
